→ CONGRESS VENUE: SAN SERVOLO ISLAND VENICE

Dear Colleague,

It gives me great pleasure to invite professionals from all over the world to participate in the „Mectron Spring Meeting 2020“ to be held in the beautiful island of San Servolo in Venice, Italy.

This international meeting represents an important opportunity get known with the new REX Piezolmplant system characterized by a rectangular cross-section to simplify the treatment of narrow edentulous ridges.

The second important focus is on our PIEZOSURGERY® technology. Hear about advanced and faster piezoelectric third-molar extraction techniques and learn how to improve and simplify the use of PIEZOSURGERY® in the daily clinical practice.

Additionally, for the first time the Spring Meeting will offer a Dental Hygiene program focused on periimplantitis management by use of ultrasound and air-polishing in daily prophylaxis practice.

It is my hope that you will decide to participate in this innovative educational event, which was developed with the primary objective of helping each participant to acquire an improved understanding of new clinical developments and learn about the scientific background.

The 2020 Continuing Education Spring Meeting, will take place on Friday, May 8th and Saturday, May 9th in Venice, truly one of the most spectacular cities in the world.

I look forward to seeing you in Venice for our second Continuing Education Spring Meeting.

Kindest Regards,

Professor Tomaso Vercellotti M.D., D.D.S.

→ PROGRAM AT A GLANCE

Dentist track

Friday, May 8th

Plenary Meeting

PIEZOSURGERY® – innovative, minimally invasive and safe new techniques. Clinical benefits and patient satisfaction in daily practice.

Workshops

PIEZOSURGERY® – Workshops including Hands-on sessions for many surgical techniques.

Saturday, May 9th

Plenary Meeting

The new wedge-shaped REX Piezolimplant® to simplify narrow ridge treatment.

Workshops

**REX Workshops:
Essentials in Piezolimplants
Hands-on sessions**

- implant positioning
- crestal REXpander technique

Dental Hygienists track

Friday, May 8th

Plenary Meeting

New directions in prophylaxis.

PROGRAM DENTIST TRACK

FRIDAY 8th OF MAY

08:30	Registration and welcome	
09:00	Welcome message	<i>Tomaso Vercellotti, Italy</i>
	INNOVATION 2020 IN ORAL SURGERY	
09:20	Clinical approach to third molar extractions	<i>Jason Motta, Italy</i>
09:45	A new piezoelectric third molar extraction technique	<i>Fabrizio Fontanella, Italy</i>
10:10	<i>to be announced</i>	<i>Ugo Consolo, Italy</i>
10:35	New technique - advantages and limits	<i>Raffaele Vinci, Italy</i>
11:00	Coffee Break	
	JOINED SESSION - INTEGRATED APPROACH IN PERIIMPLANTITIS TREATMENT	
11:30	Mini invasive peri-implantitis treatments: between literature and clinical practice	<i>Gabriella Grusovin, Italy</i>
12:00	Cleaning efficacy, biological stimulation and antimicrobial action of prophylaxis powders in air polishing system	<i>Enrico Conserva, Italy</i>
12:30	Surgical approaches in peri-implantitis treatment	<i>Simone Verardi, Italy</i>
13:00	Lunch break	
	PIEZOELECTRIC BONE SURGERY CONTRIBUTION	
14:00	Corticotomy-assisted orthodontics	<i>Robert Carvalho Da Silva, Brazil</i>
14:25	Piezoelectric sinus lift – The repositioned bony window technique	<i>Philippe Russe, France</i>
14:50	Bone grafting state of the art using PBS protocol	<i>Michael A. Pikos, United States</i>
15:15	Simplifying complicated cases using piezoelectric bone surgery	<i>Dong-Seok Sohn, Korea</i>
15:40	Coffee Break	
	PIEZOELECTRIC BONE SURGERY CONTRIBUTION	
16:10	Blockgraft and shell techniques with Piezosurgery in demanding bone defects	<i>Till Gerlach, Germany</i>
16:35	Minimally-invasiveness in periodontal surgery	<i>Leonardo Trombelli, Italy</i>
17:00	Recent advances in sinus floor elevations	<i>Christian Makary, Lebanon</i>
17:25	Aperitivo	

SATURDAY 9th OF MAY

08:30	Welcome	
	INNOVATION 2020 IN IMPLANTOLOGY	
09:00	New REX PiezoImplants – news from literature scientific rational	<i>Claudio Stacchi, Italy</i>
09:20	Alveolar bone vascularization before and after tooth extraction	<i>Tonino Traini, Italy</i>
09:40	Atrophic versus eutrophic bone characteristics: effects on implant placement	<i>Alberto Rebaudi, Italy</i>
10:00	REX PiezoImplants surgical protocols	<i>Tomaso Vercellotti, Italy</i>
11:00	Coffee Break	
11:30	Piezosurgery - Use with aid of navigation software	<i>Alvaro Ordonez, United States</i>
12:00	REX PiezoImplant - digital workflow	<i>Luigi Rubino, Italy</i>
12:30	REX PiezoImplants - guided surgery clinical experience	<i>Andrea Alberghini Maltoni, Italy</i>
13:00	Lunch break	
14:00	REX PiezoImplant - Case reports	<i>speakers to be announced</i>
15:00	Cheers	

PROGRAM DENTAL HYGIENIST TRACK

FRIDAY 8th OF MAY

09:00	Registration and welcome	
	NEW DIRECTIONS IN PROPHYLAXIS	
09:30	Welcome message and Mectron prophylaxis concept	<i>Luca Parisi, Italy</i>
10:00	Individualized algorithms in prophylaxis – the key to oral and systemic health	<i>Georg Gaßmann, Germany</i>
10:30	New solution in ultrasound	<i>Annamaria Genovesi, Italy</i>
11:00	Coffee Break	
	JOINED SESSION - INTEGRATED APPROACH IN PERIIMPLANTITIS TREATMENT	
11:30	Mini invasive peri-implantitis treatments: between literature and clinical practice	<i>Gabriella Grusovin, Italy</i>
12:00	Cleaning efficacy, biological stimulation and antimicrobial action of prophylaxis powders in air polishing system	<i>Enrico Conserva, Italy</i>
12:30	Surgical approaches in peri-implantitis treatment	<i>Simone Verardi, Italy</i>
13:00	Lunch break	
	NEW DIRECTIONS IN PROPHYLAXIS	
14:00	Peri-implant diseases: non-surgical protocols	<i>Marisa Roncati, Italy</i>
14:30	Primary and secondary prevention in periodontics	<i>Marie-Ève Bezzina, France</i>
15:00	Tailor debridement method with focus on orthodontic debonding	<i>Gianna Maria Nardi, Italy</i>
15:30	Detect, disrupt, and detoxify: implant home-care	<i>Susan Wingrove, United States</i>
16:00	Discussion	
17:00	Aperitivo
